

FIXED BOLLARD

PLACEHOLDER FOR RENDERING

The **FIXED BOLLARD** (FBOL) consists of round steel tube and an internal reinforcing plate for a high-strength security measure. The FBOL is a low maintenance, low cost option for constant perimeter protection.

The FBOL provides a high security solution to restrict vehicle traffic without impeding pedestrian and bicycle access.

The FBOL is available in a variety of finishes including galvanized, painted, and powder coated in addition to multiple decorative sleeve styles.

FEATURES

- Crash rated for M30, M40, and M50
- Additional crash rating available (including ratings above M50)
- All steel construction
- Full 48" beam height
- Double-sided protection
